SUMMARY

Results-driven Angular Developer with 2.10+ years of hands-on experience in building dynamic web applications. Proficient in modern web technologies including Angular 15, HTML5, CSS3, and JavaScript, as well as frameworks like Bootstrap, Tailwind CSS, and Angular Material. Demonstrated expertise in debugging and troubleshooting using Chrome Developer Tools. Successfully managed diverse projects, consistently delivering high-quality solutions that meet client needs. Strong communicator with excellent problem-solving abilities, adept at working both independently and as part of a collaborative team.

Technical Skills

Languages: Java, C++, JavaScript, SQL

Web Technologies: HTML5, CSS3, Angular 15, JavaScript (ES6), TypeScript 5, Node.js

UI Frameworks: Bootstrap 5, TailwindCSS, Angular Material, PrimeNG,

State Management: RxJS, NgRx

Development Tools: Git, GitHub, Debugging, Chrome DevTools, PostMan

IDE/Editor: Eclipse, Visual Studio

Build Tools & Testing: Karma, Webpack, NPM, CI/CD Integration

APIs & Integrations: REST APIs, Firebase, JWT

Version Control & Collaboration: Git, GitHub, redmine,

Experience

Advanta Inc

April 2022 – Present

Angular Developer

Mohali, India

- Developed and maintained **product-based applications** using **Angular 12**, **AG Grid**, and **Tailwind CSS**, ensuring **high performance** and **responsiveness**.
- Collaborated with senior developers to gather **requirements** and deliver high-quality results, focusing on **reusable components** with **Angular Material**.
- Conducted **code reviews** to maintain **quality standards** and integrated **frontend** and **backend** functionalities with the backend team.
- Worked closely with **QA teams** to identify and resolve bugs, ensuring **smooth deployments** and application stability.
- Assisted in **upgrading** and **refactoring** code from **Angular 12** to **Angular 15**, improving **application performance** and adopting **best practices**.
- Participated in team discussions on **emerging trends** and the adoption of new technologies for continuous improvement.

Key skills: Angular 12/15, AG Grid, Tailwind CSS, Angular Material, Code Reviews, Frontend-Backend Integration, QA Collaboration, Code Refactoring, Performance Optimization, Reusable Components, Best Practices.

Angular Trainee

Jan '22 — Mar '22 Mohali, India

- Assisted in developing and maintaining **web applications** using **Angular**, gaining hands-on experience in front-end development.
- Created **reusable and efficient code** for components and modules, improving code maintainability.
- Participated in **code reviews** to enhance skills and ensure adherence to **quality standards**.
- Collaborated with **senior developers** and **backend teams** for seamless integration and functionality.
- Engaged in team discussions to learn **best practices** and stay updated on **emerging trends** in front-end development.
- Assisted in **troubleshooting** and **debugging** issues to optimize **performance** and improve **user experience**.

Key skills: Angular, Front-End Development, Code Reviews, Reusable Code, Frontend-Backend Integration, Troubleshooting, Debugging, Best Practices, Performance Optimization.

Personal Projects

Task Management System: Angular Application | CRUD Operations, Responsive Design

- Developed an **Angular-based Task Management System** with **CRUD operations** for efficient task tracking and real-time updates.
- Optimized **UI components**, improving usability and reducing task management time by 25%.
- Implemented features like **task categorization** and **priority settings**, boosting team productivity by 35%.
- Ensured **responsive design** for accessibility across devices.

Education

Bachelor of Technology in Computer Science and Engineering, SVIET, Patiala

Aug 2018 – Jun 2022

Bachelors of Technology :GPA : 8.24/10

Patiala, Punjab

Courses: Operating Systems, Analysis Of Algorithms, Data Structures, DBMS, Computer Networks, Java
